Percentage Grade:

You will be provided with an overall grade between 0% and 100%. To pass, you need at least 40% overall, and your Reading & Writing and Listening & Speaking scores must both be at least 30%. If you need to retake any assessment, your mark will be capped at 40%.

Assignment

What do I need to do?

- Write an **SPSE essay** in response to one of the following prompts:

Business

1. Discuss the main problems associated with **poor digital communication in the workplace**. Identify and evaluate solutions for improvement.
2. Discuss the main problems associated with **managing diversity in teams**. Identify and evaluate solutions for improvement.
3. Discuss the main problems associated with **uncertainty in the retail sector**. Identify and evaluate solutions for businesses.

Computing

1. Discuss the main problems associated with **securing Internet of Things (IoT) devices in consumer homes**. Identify and evaluate solutions and their possible implications.
2. Discuss the main problems associated with **disposing old electronics (e-waste)**. Identify and evaluate solutions and their possible implications.

3. Discuss the main problems associated with **deepfake technology in digital media**. Identify and evaluate practical solutions and their possible implications.

International Relations

1. Discuss the main problems associated with **misinformation and / or disinformation in international affairs**. Identify and evaluate practical solutions and their possible implications.
2. Discuss the main problems associated with **forced migration**. Identify and evaluate practical solutions used by governments and international organisations.
3. Discuss the main problems faced by **non-governmental organisations in addressing sustainable development goals**. Identify and evaluate potential solutions to improve their impact.

Expectations

- Include evidence from academic sources.
- Structure the essay using either a block or a point-by-point arrangement.
- Include in-text citations and provide a reference list at the end of the essay, following APA style.
- Link the ideas using cohesive devices / transitions.
- Write about at least two problems and two solutions.
- Include a minimum of 5 sources.

Submission Instructions:

- If a submission is required, you must upload the document to Aula within the 24-hour submission window. If it is submitted later than this, the score will be zero.

How will my assessments be marked?

- Your assessments will be marked by the EAP teachers.
- The rubric for this task is in a separate document.
- Each rubric category receives a score, and each level matches a UK letter grade.
- The individual category scores are combined to form your overall score.
- Some submissions are marked by more than one teacher for fairness (except the Academic Seminar, which is marked only by your class teachers).
- Finally, the scores are processed and converted into UK-style percentages.

How will I receive my provisional marks?

- Provisional marks are usually available within 3 weeks (15 working days) from the date of the assessment / submission.
- They are released after they have been internally moderated. This means that a sample will be carefully checked at Coventry University Kazakhstan and Coventry University in the United Kingdom.
- Your strongest and weakest categories will be available as feedback, on request, so that you know how to improve in your future assessments.
- The final scores will be available as percentages and letter grades.

Assessed Module Learning Outcomes

The Learning Outcomes for this module align to the marking criteria in the rubric. The following module learning outcomes are assessed in this task:

1. Analyse and critique examples and models of texts to identify successful approaches and strategies.
2. Extract detailed information from a variety of reading and listening texts and take effective notes.
3. Use language signposts to identify arguments and stance in written and spoken texts and critically evaluate the information in these texts.
4. Summarise, paraphrase and synthesise source material in academic coursework, and reference all source material correctly.
5. Produce an extended essay using sources, written in an appropriate academic style.

Artificial Intelligence

AMBER

AI use is only allowed for support.

You must create the final work or demonstrate your own skills independently.
